Fashion Awards Australia is a not-for-profit fashion and design based event that is run and organised by a hard working team of volunteers directed by its founder Heather Marcus

The Awards attract entrants Australia wide and have staged Gala presentations for the past 20 years.

Fashion Awards Australia's vision is to give experience to students and help develop their skills in the textile, fashion and design courses. Teachers have remarked in the past that students who participate in the awards receive invaluable experience and that they will have a clearer picture of their future career.

Each Year committee work with the teachers and new initiatives begin. The committee are always keen to get valuable feedback from the secondary college teachers and sponsors regarding all aspects of the awards and presentations.

The committee members are amazed by the amount of dedication and hard work by the teachers and students that is extended to make these awards so successful year after year.

Details of the Gala Finals Presentation as well as entry requirements and fees are outlined in this brochure.

The Memorial John Claringbold School Cup Award will be presented to the school with the most points won during the Awards.

In addition to prize money, company vouchers and prestigious cups will be awarded to the winners of each category on the night.
