FASHION Awards AUSTRALIA 2018

Heather Marcus
Director & Founder of
Fashion Awards
Australia.

Fashion Awards Australia is a not-for-profit fashion and design based event that is run and organised by a committee of volunteers, directed by its founder Heather Marcus. No one is paid any fees; expenses are allowed for postage, telephone, computer and other related costs only.

Since its inception, Fashion Awards Australia (FAA) has grown to become one of the most reputable fashion organisations in Australia. It nurtures the creativity and growth of secondary students, TAFE students as well as All Designers.

FAA's vision is to give quality experience to students and designers and help develop their skills in the textile, fashion and design courses. Teachers have remarked in the past that it gives students exposure to established designers and a better insight into potential pathways in the fashion industry.

FAA awards rely solely on the generous financial and in-kind support of corporate business, media and local fashion industries. The committee also organises Debutante Balls with local colleges to raise money for FAA.

After the 2017 Gala Presentation, FAA asked all attending colleges and a number of our Sponsors for comments with regard to improving the Fashion Awards. It was a long and difficult process but hopefully the new look awards will meet with your approval.

The committee have decided on the following categories for 2018.

- Secondary
- TAFE and Designers.

Once again the FAA committee is amazed by the amount of dedication and hard work by the teachers and students that contributes to making these awards so successful year after year.

Details of the Gala Presentation as well as entry requirements and fees are outlined in this leaflet.
